# Scholarship for Business and Social English Course

The British Council's Business and Social English course is designed to cater to learners needs, fostering the development of both business and social English skills.

This course prepares learners with the necessary tools to communicate with confidence in various social and professional contexts, providing a solid foundation for effective language use.

## INSTRUCTIONS TO BE FOLLOWED

- The course license has a validity of 1 month period. At least 1 theme needs to be finished within this timeline and it is not extendable.
- The license is applicable for the scholarship winner's use only. Once it expires it cannot be reused.
- The course must be started within 15 days from getting the email, or else the license will automatically be revoked.
- Upon successful completion of one license, Futurenation Skills Hub Faculty Focal or Student Focal of the respective educational institute to be contacted to place request for the next license. Next license will be assigned based on the performance during the previous license timeline.

## COURSE OVERVIEW
