

**Daffodil International University**  
**Faculty of Science and Information Technology**  
**Department of Software Engineering**  
**Final Improvement Examination Schedule, Spring 2025**

---

**24/05/2025, Saturday, 9.00 AM - 11.00 AM**

| Room | Course Code | Course Name                                                 |
|------|-------------|-------------------------------------------------------------|
| 712B | SE223       | Database System                                             |
|      | MAT102      | Mathematics II                                              |
|      | SE333       | Artificial Intelligence                                     |
|      | SE311       | Design Pattern                                              |
|      | SE121       | Structured Programming                                      |
| 612  | SE214       | Algorithm Design and Analysis                               |
|      | SE225       | Data Communication & Computer Networking                    |
|      | SE544       | Introduction to Machine Learning                            |
|      | ENG101      | English I                                                   |
|      | DS331       | Introduction To Data Science and Data Management & Analysis |
|      | DS411       | Statistical Data Analysis                                   |
|      | SE131       | Data Structure                                              |

**25/05/2025, Sunday, 9.00 AM - 11.00 AM**

| Room | Course Code | Course Title                                   |
|------|-------------|------------------------------------------------|
| 611  | SE221       | Object Oriented Design                         |
|      | PHY101      | Physics I                                      |
|      | SE332       | Information System Security                    |
|      | SE234       | Theory of Computing                            |
|      | SE532       | Introduction to Robotics                       |
|      | SE212       | Software Requirement Specifications & Analysis |
| 612  | BNS101      | Bangladesh Studies                             |
|      | SE113       | Introduction to Software Engineering           |
|      | SE111       | Computer Fundamentals                          |
|      | SE341       | Numerical Analysis                             |
|      | SE442       | Management Information System                  |
|      | SE222       | Computer Architecture                          |
|      | SE321       | Software Engineering Web Application           |
|      | SE216       | Object Oriented Programming                    |
