IIP – Season 2

Testimonial:

"Since my first day at DIU, it felt like a second home. The welcoming community, vibrant environment, and opportunities let me blend internationalization with legal acumen. With support from the international affairs team, I've shared ideas, proposed initiatives, and seen them take shape. Much like home in Nepal, the culture inspires me to innovate, step out of my comfort zone, and grow. My time at DIU has been not just about learning, but true transformation."
